MAGICARD PRONTO ACCESS CONTROL CARD PRINTER WITH MAGNETIC STRIPE ENCODING

A-BDG-3649-0001

The Magicard Pronto Printer is compact, lightweight and easy to use. The single-sided printer features a single card feed that enables you to print a single card on-demand. The device features edge-to-edge image quality for sharp images, is equipped with a USB interface and color coded LED status, and features a built-in HoloKote anti-counterfeiting watermark feature with 4 selectable designs. This printer delivers print speeds of 35 seconds for color and 7 seconds for monochrome. The plug-and-play printer is ready to go right out of the box.
