- Rechargeable Lithium-ion delivers consistent power to your camera
- Replace your battery packs quickly and easily with the quick-release tab

RECHARGEABLE BATTERY - RING™, LITHIUM-ION

Delivers consistent power to your camera

Provide backup power for compatible Ring™ doorbell systems with this Ring™ battery pack. Its quick-release mechanism lets you swap between batteries easily, keeping your Ring™ Video Doorbell 2 and Spotlight Camera operational while you recharge the primary power source. Recharge this Ring™ battery pack from a wall outlet easily via a microUSB power cord. Just connect your battery pack to a microUSB cord, plug it into a power outlet, and your battery pack will begin to charge.
