As part of the Alibi Vigilant Flex Series, this 5MP 4-in-1 Fixed Dome Security Camera delivers crisp video day or night, providing HD-TVI/AHD/CVI/CVBS output for maximum compatibility. This product has been specifically designed and manufactured to comply with the latest technical requirements specified under NDAA regulations.

**Up the Coax (UTC)** technology grants you control over the camera's onscreen display (OSD) from your web browser and the Alibi CMS or smartphone app.

**Multi-megapixel resolution** – Get more detail from your video camera. This camera captures high-resolution video footage that delivers crisp, precise detail and clarity for your video security needs.

**3D Digital Noise Reduction (DNR)** effectively filters noise to produce a crisper, clear video stream.

**IP67 weatherproof housing** – this camera can handle long-term durability even among extreme weather conditions such as rain, snow, and ice.

**IK10 vandalproof rating** for tamper-proof installations

**Full Frame Illumination with Smart IR** Smart full-frame illumination technology offers several advantages over standard IR for flawless night vision, including:

- Clearer, brighter images in low light and at night
- Reduces overexposure of the IR LEDs at the center of the image
- Increases illuminant efficiency up to 30%
- Produces LED light in rectangle form to better fit screen size
- Captures images in the dark without washing out the subject at closer ranges
- Reduces video noise for a clearer nighttime picture and reduces bandwidth consumption and video storage requirements

**Innovative Day/Night Scene Detection** – includes a hardware sensor for smart software imaging that detects surveillance scene illumination. Designed to be water and dust-proof, this allows you to avoid unexpected costs of hardware failure.

**Intuitive interface** – everything you need to manage your system at your fingertips. With an intuitive interface and access to the free Alibi CMS and mobile app, system management has never been simpler.
