

6.0 Megapixel

6.0 MEGAPIXEL STARLIGHT IP 120' IR TURRET SECURITY CAMERA

Starlight chipset and Full Frame Illumination technology for clearer, brighter images in any lighting conditions

ALI-NS2036R is a turret camera with 6 megapixel resolution to capture crystal clear video images in any lighting conditions. It features a Starlight chipset and Full Frame Illumination technology, for better low-light and nighttime surveillance capabilities than standard infrared (IR), and reduced bandwidth consumption and video storage requirements.

- + **High Resolution Video** 6 megapixel camera captures smooth video with a very high level of clarity and detail
- + Starlight Chipset Super low light LUX rating means this camera can capture color video in extreme low light conditions
- + **Powerful Night Vision** Full Frame Illumination technology enables clear nighttime video by eliminating hotspots and blooming from ambient light sources
- + **Video Analytics** Powerful video analytics including line crossing, intrusion detection, face detection and more, to protect people and property more effectively
- + **Superior Outdoor Performance** With an IP67 weather-rated metal enclosure, this turret camera has an operating rating of -22° to 140°F and is protected from elements such as dust, sand and rain
