

5.0 MEGAPIXEL STARLIGHT 130' IR WHITE LIGHT 4 IN 1 BULLET

5 megapixel resolution with IllumiNite white light LED technology and Starlight 2.0 chipset for clear, bright images in any lighting conditions

ALI-TP3005L is a 4 in 1 (HD-TVI/AHD/HD-CVI/CVBS) bullet camera with 5 megapixel resolution that features cutting edge technologies to help you capture hi-res, full color video 24/7/365. IllumiNite technology features a white light LED strategically placed below the camera lens that can be set to turn on at a specific time to let you capture color video any time of the night. Combined with the next gen Starlight 2.0 chipset, you have a powerful camera that lets you capture color video all night long – even in the darkest environments.

- + **High Resolution Video** – 5 megapixel camera captures smooth video with a high level of clarity and detail
- + **IllumiNite White Light LED** – Powerful white light illuminates the surveillance area to act as a deterrent and to provide enough light to capture full color video, even in the darkest conditions
- + **Starlight 2.0 Chipset** – Super low light LUX rating means this camera can capture color video in extreme low light conditions, even without the LED.
- + **Compatibility with Existing Camera Systems** – 4 in 1 video output (switchable TVI/AHD/CVI/CVBS) offers extreme flexibility when upgrading your analog camera system
- + **Superior Outdoor Performance** – With an IP67 weather-rated metal enclosure, this bullet camera has an operating temperature rating of -40° to 140°F and is protected from elements such as dust, sand and rain
