HDVISION

4-CHANNEL IP H.265 SECURITY NVR

Feature-rich security NVR supports IP cameras up to 8.0 MP resolution

This security NVR supports compatible IP network cameras (up to 8MP resolution) for seamless plug-and-play installation – just plug the compatible cameras into the integrated network switch, and the cameras are automatically detected, displayed, and configured to the NVR.

This NVR features a powerful, intuitive user interface with a host of smart features, including:

- Intelligent recording – Define continuous, motion detection, or scheduled recording per camera
- Smart tags – Create tags (e.g. "shoplifting") to mark certain events for efficient searching
- Smart search – Define and search for motion within specified area
- Real-time alarms – For motion detection, video tampering detection and video loss

This versatile security recorder allows multiple selectable recording modes: continuous, motion detection, schedule, and event. Recording features include event search, event log, and email notifications.

This NVR supports H.264 and H.265 video compression formats that help reduce file size, maximize recording time and save hard drive space.

Our free iOS/ Android-compatible mobile app delivers convenient remote viewing of live and recorded video, from anywhere.
